ringbroswholesale.com

The mission of Ring Bros. Wholesale is to responsibly source the highest quality fresh produce and specialty foods for chefs and retailers on Cape Cod and in Southeastern Massachusetts.

The company got its start more than 97 years ago; Stephen Ring Sr, a teenager, and his older brother, Edmund, peddled produce from a horse-drawn wagon along the streets of Boston. "Sweet, juicy peaches!" Stephen would yell as he pulled up to a street corner. "Quarter a dozen!" Later, Stephen would take his sons, Ed and Stephen Ring Jr., along to help.

The Rings built a devoted customer base by hand selecting the finest fruits and vegetables from farmers locally, and from farms worldwide that shared their standards for sustainable agricultural practices and quality.

With these values in mind, Ed Ring opened the first permanent wholesale and retail location of Ring Bros. on Cape Cod in the 1970s in Harwich and a specialty store, Broadway Marketplace, near Harvard Square in 1992. Ring Bros. moved from Harwich to its current location in South Dennis in

"You have to have pride in what you do and do it right every day." -- Ed Ring, Owner, Ring Bros. Wholesale

2001 where it is now owned and operated by Ed, his wife and his son.

The South Dennis location offers 16,000 square feet of retail space and expanded capacity for wholesale operations. We invite you to visit our specialty retail store and to tour our cutting edge wholesale facility at 485 Route 134 in South Dennis, Cape Cod.

#### Members of The Massachusetts Restaurant Assoc.

We are associate members of the Massachusetts Restaurant Association! The MRA is a trusted not-for-profit trade association committed to the advancement of the food and beverage industry in

our state. The MRA helps operators succeed by providing information, education, government advocacy, cost-savings programs, and networking opportunities.

#### Members of The American Culinary Federation

Our wholesale manager, Rich Mulcahy represents Ring Bros. Wholesale as an associate member of the American Culinary Federation. The American Culinary Federation, Inc. (ACF), a professional organization for chefs and cooks, was founded in 1929 in New York City. ACF is now the largest professional chefs' organization in North America. The ACF is made up of more

than 15,000 members belonging to more than 150 chapters in four regions across the U.S. Today, ACF is the leader in offering educational resources, training, apprenticeship, competitions and programmatic accreditation designed to enhance professional growth for all current and future chefs and pastry chefs.

#### Local Service

We are based right here on Cape Cod so servicing our customers is what we do best. With delivery seven days a week from Plymouth to Provincetown we can react to ordering errors or issues in the kitchen quickly because of our location.

#### Quality Product - Higher Yield

Customers have told us that they want quality at a good price. We can compete because we buy direct from farms around the country. We buy only quality driven produce brands on the market which tend to provide a higher yield with less shrink, ultimately saving our customers money. Plus each and every case of product is looked over for freshness before it is sent out on a truck to your location.

#### Our Commitment To LOCAL

We understand the nature of business on Cape Cod because we live here too. Our economy is driven by tourism and a 'local taste' is often requested. We support small scale agriculture by purchasing fruit and vegetables from Cape Cod and surrounding farmers. For 2022 we have enhanced our offerings by supplying only cage free eggs,

and stocking trending ethnic seasonings, plant based burgers, chicken and sausage, as well as seasonal produce from Crow Farm in Sandwich. Take a look for is labels throughout this guide for locally sourced items.

#### Loyalty and Consistency

We work as an extension of your team, a wholesaler you can trust to deliver your order on time, a partner that is invested in helping you build your restaurant or retail business. We try and go beyond what you might expect. Our customers buy from us because we have proven ourselves, which brings loyalty to our company and yours.

#### **Community Support**

#### **Cape Kids Meals**

The mission of Cape Kid Meals is to provide food insecure children with food over the weekends during the school year. Food insecure children are those who are dependent on free breakfast and lunch programs in the public schools.

Ring Bros. Wholesale works with Cape Kids Meals and our retail store to provide over 1000 pieces of fruit every week to these food insecure children on weekends throughout the school year.

In 2020 the pandemic drastically impacted children who rely on Cape Kid's Meals' food bags for the weekend. This created a challenge for both volunteers in the program and student access to the food. To solve this, remote only students are provided food bags at "grab and go" sites around the Cape.

Ring Bros. Marketplace hosts annual fundraisers throughout the year to help support Cape Kids Meals. Customers donate to this cause and in 2020 raised \$9,708 to support the need.

#### **Dennis Yarmouth Cardinals**

Ring Bros. Marketplace is proud to sponsor the Cardinals, a minors team that plays in the Dennis Yarmouth Baseball League. Our sponsorship provides the team with uniforms but, more importantly, helps keep tuition down, giving every child the opportunity to play.

#### Food Safety Program Goals

At Ring Bros. Wholesale food safety is an integral part of our entire operation. It also includes non-production items such as training of employees and training materials.

The goal of the food safety program is to institute a proactive system for its operation whereby any potential product hazards are anticipated and controlled from product reception through distribution. Food safety and quality control is the responsibility of all the employees of Ring Bros. Wholesale, affiliated services and product providers. Management has provided the tools and established guidelines for producing safe, wholesome, quality products. All employees are accountable for consistently maintaining these standards.

The food safety program has been established with the help of the company officers. Although the burden of food safety and quality control is in the hands of management and supervisors, all employees serve as inspectors when product moves through their area. Ring Bros. Wholesale's employees are authorized to hold or reject product found to be out of compliance, subject to the evaluation and final approval of authorized management.

#### What Does The Program Consist Of?

The purpose of this food safety plan is to help ensure that environmental conditions and practices are sound and reduce the risk of unsafe products.

This plan is designed to address specific points of our process, according to the type of product we market, and the operations associated with the storage, preparation and display of the product.

### Testimonials

"From an excellent sales team, quality products (fresh and specialty) and a reliable delivery team, Ring Bros. Wholesale continues to set the bar high in foodservice. You can't ask for anything better than having the availability to source local products while supporting a great local business."

#### **Chris Kolwicz**

#### Executive Chef at Wychmere Beach Club, Harwich Port

"In my 30 plus years in catering industry I've been working with Ring Bros. and their team for over 20 years. I find their sales team and product quality excellent. My client requests for specialty items were frequent and Ring Bros were always able to procure it or hand pick produce upon request. Because of their personalized service and attention to detail, I will always be loyal to Ring Bros. Wholesale." Jennifer Mentzer

General Manager at Wayside Inn, Chatham

"The produce is always fresh, deliveries dependable and as promised, and the sales team makes it happen."

Eric Bishoff Executive Chef at Quarterdeck Restaurant, Falmouth

"The expansive Asian selection allows me to create without limits." John Wilson Executive Chef and Owner at Water Street Kitchen, Woods Hole

There are many reasons to buy organic. First, it is better for the environment. No pesticides means healthier soil, water, and wildlife. Buying organic supports small farmers. Organic farmers can earn a fairer price for organic produce compared to factory farming. Organic farming is good for biodiversity.

Organic farmers are growing a wide variety of non-genetically modified (non-GMO) fruits and vegetables.

Conventional farmers	Organic farmers
Apply chemical fertilizers to promote plant growth.	Apply natural fertilizers, such as manure or compost, to feed soil and plants.
Spray insecticides to reduce pests and disease.	Use beneficial insects and birds, mating disruption or traps to reduce pests and disease.
Use chemical herbicides to manage weeds.	Rotate crops, till, hand weed or mulch to manage weeds.
Give animals antibiotics, growth hormones and medications to prevent disease and spur growth.	Give animals organic feed and allow them access to the outdoors. Use preventive measures — such as rotational grazing, a balanced diet and clean housing — to help minimize disease.

# **ORGANIC VALLEY**

Regional, organic production builds the local economy and allows rural communities to protect the environment in which their children are raised. Our cooperative mission is to keep organic family farmers on the farm, taking care of the land and resources in your region.

Although Ring Bros. Wholesale does not stock Organic Valley product we work close with Organic Valley, and have built a relationship with distributors so that we are able to source any Organic Valley product available, for your establishment. Ring Bros. Wholesale stands behind the mission Organic Valley has set forth to deliver, and we believe the products are the best in the category.

Please contact us with specific Organic Valley needs and Ring Bros. Wholesale can put together a program which works for you.

#### Clam Fry Mix 50lb Bag

Formulated for frying clams and other seafood, it is made from a blend of corn flour, cornmeal and wheat flour and is lightly seasoned to enhance the clam's natural flavor.

## MAPLE SYRUP

We purchase syrup from sugar makers throughout Vermont. These dedicated family farmers faithfully stoke their sugar house evaporators each spring to carry on this time-honored tradition. We are proud to be able to help sustain family farms.

## NASHOBA BROOK

Passion and artistry are the heart of Nashoba Brook Bakery, but the fuel that feeds our hearth is wild yeast. Captured using Concord grapes found on the banks of the Nashoba Brook, this organic yeast feeds our doughs daily. The slow rise of each hand-formed loaf creates enzymes that break down the complex carbohydrates in flour, releasing vitamins and making it easier for your body to digest the goodness of Nashoba breads. "Slow Rise" also stands in contrast to the culture of instant gratification, and we believe that anything worth having is worth waiting for.
